

Big Top

The Karma Factory Music & Lyrics © 2020, Kenneth David, Flamesong Music (BMI)

When I wait for Sandy
She won't let me go down
The circus rides and clowns
Seem to go round and round and round

The carnival was never where
We wanted to be
But under the big top lights
The shells and smells
It's the place where we can be free

It's all the same to Sandy and me
'cause when I pull the big top down
It's all we'll ever need

Sandy laughs and winks at me
While the Buccaneer flies by
She looks so beautiful when she smiles
And her hair flying in her eyes

I pull out to leave down Sutton Street
over Caulton Bridge then Johnson's Farm
I drop her off at the old stone driveway
Then I kiss her and I turn around for home

It's an awful hot night
The moon's full and bright she says
"Can you stay a while?"
Then I knew it's true what I say to you
I'll be leaving this big top in style

It's all the same to Sany and me
'cause when I pull the big top down
It's all we'll ever need
