

Blake Babies

The Karma Factory Music & Lyrics © 2020 FlameSong Music (BMI), Nursery Rhymes Music (BMI)

Do you have any Cure CD's she said to me
I had to put them away because they make me so down
They make me so down

Do you have the Hootie she asked of me
All that gets so old there's enough to go round
Enough to go round

Give me some Blake Babies tonight
Only Julianna can make it alright
Give me some Blake Babies tonight

All the newest music don't do shit for me
Everybody's sharing hooks and the same old sound
It's the same old sound

I need tunes to drive to she said to me
All this sterile music is bringing me down
It's bringing me down

Give me some Blake Babies tonight
Only Julianna can make it alright
Give me some Blake Babies tonight

Give me some Blake Babies tonight
Only Julianna can make it alright
Give me some Blake Babies tonight
