

## Laughing

The Karma Factory Music & Lyrics © 1995,2023, Scott Lippincott, Nursery Rhymes Music (BMI) Ken David, Flamesong Music (BMI)

I walk on the wet grass  
Thinking of you  
Karma's on my mind  
and it will see me through

And it seems to me I've been around  
way too long  
Without you it seems all wrong  
How you could leave me here all alone

Because you are so special to me  
So special  
You are so special to me  
So special  
You are so special to me

This old sweater of mine still  
smells like you  
This old sweater of mine can't  
replace something new

And it seems to me I've been around  
way too long  
Without you it seems all wrong  
How you could leave me here all alone

Because you are so special to me  
Are So special  
You are so special to me  
Are So special  
You are so special to me

Feel my pain  
Are you laughing?  
Are you laughing?  
Are you laughing?  
(My pain)  
Are you laughing?  
Are you laughing?  
Are you laughing?  
(My pain)

Are you laughing?  
Are you laughing?  
Are you laughing?

I walk on the wet grass  
Thinking of you  
This old sweater of mine can't  
replace something new

Feel my pain  
Are you laughing?  
Are you laughing?  
Are you laughing?  
(My pain)  
Are you laughing?  
Are you laughing?  
Are you laughing?  
(My pain)  
Are you laughing?  
Are you laughing?  
Are you laughing?
